Ladies/Gentlemen:

The April 2015 version of the Lubricant Test Monitoring System manual is now available on the ASTM Test Monitoring Center web site (<ftp://ftp.astmtmc.cmu.edu/docs/ltms/ltms.pdf>). The current revision addresses the following items.

VIB: LTMS section deleted
1N: TGF transformation and industry correction factors
C-13 Aeration: LTMS section added
T-13: LTMS section added

Because sections were removed and added section numbering has changed. You must download the entire document with this update. You will receive a notification the next time the LTMS manual is updated. Please direct any questions to me at (412) 365-1030 or email to fmf@astmtmc.cmu.edu.

Sincerely,

Frank M. Farber
Director
